Dear Dr. Uytico:

The undersigned respectfully invites aspiring Dancesport athletes and regional qualifiers to participate in the NIR Open Invitational Dancesport Competition, hosted by Bacolod City Dancesport Team in coordination with Negros Island DanceSport Association, an activity designed to nurture future champions and serve as a meaningful training and exposure platform for athletes within the Negros Island Region.

This competition is envisioned as an avenue for talent development, performance enhancement, and competitive readiness, providing participants with an authentic competition experience that mirrors regional standards. Specifically, the activity aims to:

1. Provide an opportunity for aspiring Dancesport athletes across the region to showcase their skills, gain competition exposure, and develop confidence in a structured and professional competitive environment;
2. Serve as a practical training ground for regional qualifiers, particularly Division athletes preparing to represent their respective divisions in the upcoming NIRAAM, as well as for potential athletes who may be considered for future regional representation;
3. Strengthen the region's technical and officiating readiness, including adjudicators, scrutineers, and support officials, through actual competition engagement to ensure fair, credible, and quality results.

Through this invitational event, participants will gain invaluable experience that contributes to their athletic growth, fosters sports excellence, and promotes integrity and credibility in Dancesport competitions within the region.

Rest assured that the conduct of the activity shall strictly adhere to all DepEd policies, safety standards, and relevant competition guidelines, ensuring a safe, organized, and enriching environment for all participants.

We look forward to welcoming our aspiring future Dancesport champions and regional contenders to this meaningful sporting event, and we thank you for your continued support in advancing sports development in the Negros Island Region.
