Dear Dr. Uytico,

Warm Greetings!

I am writing to respectfully request your approval to conduct a research study entitled "Lived Experiences of English Teacher-Coaches in Tiered Contest." This study aims to explore the lived experiences, challenges, and strategies of English teacher coaches in tiered contests.

The study will involve conducting interviews with English teacher coaches to explore their lived experiences in tiered contests. The interviews will be scheduled during their free time, weekends, or holidays to ensure minimal disruption to their regular school activities and teaching responsibilities. I will also adhere to all ethical guidelines by ensuring confidentiality, informed consent, and voluntary participation of all respondents. I kindly seek your permission to conduct this research in the selected secondary schools in the Division of Bacolod, Negros Occidental, and La Carlota and to include its teachers as participants in this study. The insights gained are intended to contribute to a deeper understanding of the lived experiences English teacher coaches and to support the development of effective coaching practices in educational settings.

Thank you very much for considering my request.

Sincerely,

**JUSTINE MAE D. ELISAN**
