Regional Advisory No. 031, s. 2025

July 21, 2025

In compliance with DepEd Order (DO) 8, s. 2013
this advisory issued not for endorsement per DO 8, s. 2001
but only the information of DepEd NIR officials and personnel/staff.

JUNIOR ACHIEVEMENT PHILIPPINES EY STEM LEARNING PROGRAM

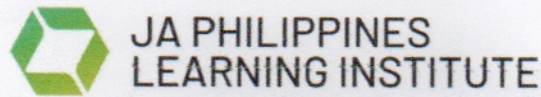

The Junior Achievement Philippines shall conduct a Teacher's Training through the EY STEM Program starting July 2025.

The activity aims to capacitate teachers and learners to be future-ready through science, technology, engineering, and mathematics.

___/July 18, 2025

July 8, 2025

DR. RAMIR BARBERAN UYTICO, CESO III

Regional Director

Department of Education - NIR

Greetings from Junior Achievement of the Philippines!

Junior Achievement of the Philippines, Inc. (JA Philippines) – a member of JA Worldwide®, serves as an administrator of the Junior Achievement programs in the country. With JA Worldwide's continuous belief and commitment to the benefit of humankind, it is with great honor that the organization has been nominated for the Nobel Peace Prize for 4 Consecutive Years.

We are pleased to share with you an opportunity that aligns with our shared commitment to empowering Filipino youth with future-ready skills. In partnership with **EY GDS Philippines**, we are excited to introduce the **EY STEM Learning Program** – a comprehensive initiative designed to bridge the gender gap in STEM education.

EY STEM Learning is a transformative project that empowers students and educators across Luzon and Visayas through innovative STEM education and work readiness training. We cordially invite **DepED NIR Division** to participate in this by providing **5,000 students** who will benefit from interactive learning modules, mentoring opportunities, and career exposure in science, technology, engineering, and mathematics.

Through the **EY STEM Learning App**, participants will have access to a platform featuring interactive modules, rewards, mentoring, and career exposure to inspire girls and develop essential skills like collaboration, creativity, self-confidence, and critical thinking. The program includes mentoring sessions, application access, and culminates in a Science Congress where students can submit their innovative entries and showcase their achievements.

Program Timeline:

- **July 2025:** NIR Teacher's Training
- **August 2025:** Launching of the Program and Application Access
- **September 2025:** Start of Mentoring Sessions
- **November 2025:** Science Congress - Submission of Entries and Finals

On that note, we would like to formally request a meeting with you on the earliest possible day, to discuss the possible dates for the **Teacher's Training for your division**, happening this July 2025.

We sincerely hope to collaborate with your division in this meaningful professional development initiative that will enhance your teachers' capacity to deliver quality STEM education and help students unlock their full potential.

Should you have any questions, require further clarification, or wish to discuss how your community can best participate in the EY STEM Learning Program, please do not hesitate to reach out to us at coordinator2@japionline.org.

Thank you very much for your time and continued support.

Sincerely,

PAULA PATRICE DELA CRUZ
