Enclosure C to Regional Memorandum No. 937, s. 2026 " ADDENDUM TO REGIONAL MEMORANDUM 937, S. 2026 TITLED "2026 NEGROS ISLAND REGION INNOVATION STRATEGIC EXPO (ISE)"

Updated Regional Innovation Strategic Expo Guidelines
(specifically on Oral Presentation Guidelines, item 1)

Oral Presentation Guidelines

The oral presentation is a vital component of the Regional Innovation Strategic Expo, providing proponents with an opportunity to showcase their innovations effectively and professionally. The Top 5 Qualifiers of each classification will be the presenters. Presenters must strictly adhere to the following guidelines to ensure fairness and consistency during the evaluation process.

1. Each presenter is required to use the official slide deck template provided by the organizers. The presentation must consist of a maximum of six (6) slides only, and no additional slides are allowed. Headings in the template must not be edited or altered in any way. The required slide headings are as follows: Title, Introduction, Innovation Description & Comparative Analysis, Implementation Procedure, Results/Outputs, and Sustainability, Monitoring & Evaluation.
2. The total time allotted for each presentation is ten (10) minutes, followed by five (5) to ten (10) minutes for reactions and clarifications from the evaluators. Presenters should manage their time effectively to cover all essential points within the given timeframe.
3. To assist presenters in managing their time, visual alerts will be displayed at the last five (5) minutes, last two (2) minutes, and last thirty (30) seconds of the presentation. An alarm bell will sound when the allotted time has expired. At this point, the moderator will interrupt the presenter, and any statements made after the ten-minute limit will not be considered by the evaluators.
4. Presenters should ensure that their slides are clear, visually appealing, and easy to read. Avoid excessive text by using bullet points and concise statements. Graphics, charts, and images should be of high quality and relevant to the content. The overall design should reflect professionalism and adhere to the official template format.
5. The oral presentation will be evaluated based on clarity, content relevance, innovation impact, and delivery. Compliance with these guidelines, including strict adherence to the slide deck requirements, will significantly influence the overall score.
