Regional Office- NIR

Dear RD Uytico;

I trust this correspondence finds you in good health and high spirits.

I am writing to formally request the deployment of nine (9) additional medical officers, (8) dentists and sixty-six (66) nurses from different Divisions to augment our existing medical team for the upcoming NIRAAM 2026, scheduled to take place from March 1-7, 2026.

In preparation for this significant regional sporting event, a thorough assessment has been conducted to determine healthcare requirements. Given the high-risk nature of combative sports categories included in the program, it is imperative that medical coverage be established to safeguard the health and safety of all participants.

To ensure optimal preparedness and response capability, we respectfully seek your assistance in securing backup medical personnel- including doctors and nurses- from other city divisions within the Negros Island Region. These additional staff will be assigned to various sports venues and competition areas, enabling swift and efficient management of any medical emergencies that may arise, thereby ensuring the well-being of all athletes.

We recognize the demands on regional healthcare resources and are deeply appreciative of your consideration and support in addressing this critical operational need.

Should you require further information or clarification regarding this request, please do not hesitate to contact **Evangelene T. Abana-Froylan MD, Medical Officer III of DepEd SDO Bacolod City** at 09162683205.

Very truly yours,
