Greetings from Junior Achievement Philippines!

To all Regional Directors, Regional Coordinators, and Partner Schools across the region—

We would like to formally announce that the registration deadline for the Summer Program: **Master Dengue Slayer 2026 has been extended until May 4.**

This extension has been made to provide more schools and students with the opportunity to participate in this meaningful initiative and to ensure wider access and inclusion across divisions.

We respectfully seek your continued support in endorsing the program to all eligible schools within your division. This initiative equips students in **Grades 7–10** with opportunities to strengthen their critical thinking, creativity, and advocacy skills through a dengue prevention campaign, with the chance to compete at the Asia Pacific level.

We kindly encourage division offices to cascade this update to school principals and teachers-in-charge to ensure that interested students are able to register within the extended timeline.

🌟 **Highlight**
The winning team will represent the Philippines at the Asia Pacific Finals in Singapore, with all event-related expenses fully covered.
