National Validation Activity for SY 2025-2026 Data

June 15, 2026

Overview

This National Validation Activity is structured to ensure that the data collected in the Unified SHD Monitoring Tool, specifically the Accomplishment Report, is accurate, complete, and reliable. It will focus on identifying errors, gaps, and inconsistencies in the reported data. In this regard, this Office respectfully shares the **National School Health Program Monitoring Dashboard**. The data in this dashboard is sourced from the Unified SHD accomplishment report. Furthermore, values reflect current submissions and may be updated as SDO encoding is validated and completed.

Objectives

By the end of this activity, participants should be able to

A. General Objective

Validate regional SHD program data for SY 2025–2026 and translate findings into concrete priority actions for the next School Year or service delivery period.

B. Specific Objectives:

1. Verify the completeness and accuracy of SDO-level data across all five SHD program areas (LHAS, MDNS, ARH, CTC & NDEP, and SMHP)
2. Identify and document data errors, outliers, and encoding inconsistencies requiring correction
3. Reflect on regional program performance using the National SHD Program Monitoring Dashboard as evidence
4. Agree on at least one priority action per program area for the next quarter
5. Produce a completed Regional Validation Worksheet for submission to the BLSS-SHD M&E Team

Instruction

1. Please access and try to navigate the National SH Program Monitoring Dashboard. The dashboard will be used to capture an overview of the report for your respective region. You may utilize the “filter” feature in the upper part of the dashboard to specifically locate your region. The “Filter” option is also available for SDOs to check their consolidated report.
2. Regional Offices are hereby requested to “filter” their region and run through or review their regional report prior to the National Validation.
3. SDOs are also encouraged to utilize this Monitoring Dashboard and the Unified SHD Tool in checking gaps and discrepancies in the data yielded.
4. A Regional Validation Worksheet will be distributed to be used as a guide for the validation (link attached in the Materials section).
 - a. Part A: Outlier and Data Error Review—will serve as verification that all SDOs within the region have complete data encoded across all program areas
 - b. Part B: Program Reflection – will reflect the regional program performance using the dashboard as evidence
 - c. Part C: Highlights and Priority Areas – will synthesize the region's top accomplishments and concerns from the reflection for a concrete priority action per program for the current SY

Reminders

1. Regions and SDOs are requested to use their laptops or computers during the validation as we will use the above-mentioned dashboard during the activity.
2. RO and SDO Coordinators of School Health Programs reflected on Monitoring Tool are expected to attend the validation.
