**SBLC Maintenance, Repair, and Operational Support Fund
Needs Assessment Form**

General Instructions:

This form shall be accomplished by the School Head of the school where the newly constructed School-Based Learning Center (SBLC) for Alternative Learning System (ALS) is located, in coordination with the Division ALS Focal Person, and the assistance of the Education Program Specialist II (EPS II) for ALS and ALS Teacher/s.

This form aims to gather baseline information on the current condition, maintenance, repair, utility, safety, and operational needs of newly established SBLCs for ALS.

The information gathered shall serve as inputs in the development of the *Policy Guidelines on the Provision of Support Funds for the Maintenance, Repair, and Operation of Newly Constructed SBLCs for ALS*. Specifically, the results shall be used to identify common operational needs, determine allowable expenditures, estimate funding requirements, and inform policy provisions on the allocation, utilization, monitoring, and reporting of support funds.

All information provided shall be complete, accurate, and based on actual inspection and available records, where applicable. Estimated costs should be based on reasonable and prevailing local costs.

The submission of this form does not constitute a request for funding or guarantee the allocation or release of support funds. The information shall be used solely as a basis for policy development, planning, and budgeting.
